Бишкек 2021

Developed on the basis of the state educational standard of the Kyrgyz Republic and the curriculum of non-governmental organizations for bachelor's degree, discussed and recommended at Foreign Languages Department

Senior lecturer: Asanova D. K.

9.05.2021 Protocol № 1

Head of the Department_____N.J.Japaralieva

Instructor:	Asanova Dinara Kadyrovna (senior teacher) Experience: 18 years
Contact Information	Working hours: Monday– Friday Contact number: 0709191280
Number of credits	4
Time	2021-2022 academic year, 1 semester
Goal of the course	The practical goal is to form the student's ability and readiness for intercultural communication, which offers the development of written and directly oral (speaking and listening) foreign language communication skills. The educational goal presupposes the study of a foreign language not as a linguistic system, but as a means of intercultural communication and an instrument of cognition of the culture of a certain people. Introduction to the elements of this culture is considered as a prerequisite for successful professional and personal contacts with representatives of this culture.
Description of the course	<p>The course contains materials on the English language. Topics focused on students' independent speech: thematic sections, types of business letters and documents, additional tasks (thinking and defending students' own opinions, enriching free speech turnover), grammatical rules, dictionaries and audio recordings.</p> <p>Our aim with English File third edition has been to make every lesson better and more student-and teacher-friendly. As well as the main A, B, C Student's Books lessons, there is a range of material which can be used according to your students' needs and the time available. Don't forget:</p> <ul style="list-style-type: none">• the Practical English video and exercises (also available on class audio)• the Revise & Check pages, with video (also available on class audio)• Photocopiable Grammar, Vocabulary, Communicative, and Song activities
Pre requisites	to understand and master the course, the student must be able to correctly Express their opinion, taking into account grammatical rules. New words are supported by various exercises, focused on Proverbs and songs, short stories, idioms, and complement educational information about traditions, games, holidays, oral creativity, and texts of acquaintance with famous personalities of English-speaking peoples. When working with different texts the teaching is based on the application of new approaches to criticism, "thinking." Students are focused on mastering the richness of spoken language, spoken language, English, reading, explanation,

	translation of texts, personal skills and support their efforts based on the situation of communication, exchange of opinions.
Post-requisites	<p>At the end of the course, the student should know::</p> <ul style="list-style-type: none"> * sound composition of modern English; * reading in English, correct spoken message in your game; * sequential transmission of phrases in written work; * ability to use Proverbs, idioms in a dialogue, exchange of opinions; * think and defend your opinion when working with texts, enrich the image of free speech with independent personal developments.
Competence	<p>Together with the situation of practical training, educational and educational goals are implemented. Teaching foreign languages for educational purposes is an enrichment of the spiritual world of the individual.</p> <ul style="list-style-type: none"> • it is a combination of historical values and the language culture of a developing country; • satisfaction of educational interests of the individual at the professional level in any field of activity • development of knowledge as a foreign language, system, language similarities, differences; <p>Competence is a set of knowledge and skills in the implementation of professional activities. The competence approach in teaching a foreign language is a student's mastery of the language communicative culture through language competence thinking.</p> <p>General scientific competence:</p> <ul style="list-style-type: none"> - has a unified system of scientific knowledge about the world, focused on the values of culture and art (GSC-1) - modern education and information technologies with independent higher education (GSC-3) <p>Instrumental competence (IC):</p> <ul style="list-style-type: none"> -on acceptance , the compilation and analysis of information (IC-1) - have at least one foreign language at the level of everyday communication (IC-3) <p>Private social and cultural competence (PSCC):</p> <ul style="list-style-type: none"> - adherence to moral and legal rules in society, respect for people, respect other cultures and support partnerships (PSCC-1) with a living, conservation and rational use of the received knowledge (PSCC-4)
